## Twin Flame Transcendence

### Life Takes You Unexpected Places, Love Brings You Home

#### About

#### Who am I?

*A beautiful summer's day in Upstate New York.*

Hello! My name is Arcelia Francis, and it is my pleasure to introduce myself to you. Let me start out by saying that I am a Coach and a healer. My purpose here on Earth is to bring people back into alignment with their true identities so they can live to their highest potential. At a very young age, I struggled with being raised into an identity that did not reflect the truth of who I was. I am a transgender woman, and I was assigned male at birth by society. All my life I struggled with balancing self-acceptance and society's expectations of who I should be, which nursed a rather tumultuous emotional state that I carried all throughout my life. I went through immense pain and I thought the challenges were insurmountable, until I came across the work of my spiritual teachers Jeff and Shaleia Ayan. I was taught by them how to heal my pain, and to more importantly love myself for who I was as a woman,

regardless of how society felt about my choice to transition. Upon mastering self love, miracles manifested into my life almost immediately, and I even noticed people's perspectives about me changing for the better as I healed the way I viewed myself.

right now with self love, confidence, and success. I can proudly say that I have walked into a room, and no one argues about my capabilities now. I have reached the threshold of fear. As a coach, I will bring you into alignment with your truth and teach you how to pave the way into your perfect life and move you through any obstacles you believe are preventing you from claiming your success. I will show you just how powerful you are in creating your reality with the power of self love and acceptance, nothing will be able to stop you from manifesting your dreams once you learn this teaching.

## My Journey to the Ultimate Twin Flame Community

Soon after discovering the term Twin Flame and coming to terms with what was really going on between me and someone who I thought I was just starstruck with, I started searching for answers. I unfortunately stumbled across some Twin Flame mentors that believed and taught that not all Twin Flames are lucky enough to end up together (which is a complete lie). Fortunately for me, this journey of listening to Twin Flame liars didn't last much longer than two months and I was led to Jeff and Shaleia's Youtube channel. For the first time I felt like all that I was encountering was beginning to make sense, and not long after feeling a profound state of peace gained from their videos, my Twin Flame magically appeared as if to signify that this was the way, and these people held the key.

Since discovering their work, I have been on an immense journey of healing and transformation, and my life continues to grow and evolve. I have never been so fulfilled as I am today, a massive contrast to the hell I endured on a day to day basis prior to encountering my Divine Complement for the first time. You can get involved with Jeff and Shaleia at [@twinflamesuniverse.com](https://twinflamesuniverse.com) or on the Twin Flames Ascension School open forum on Facebook, I shall provide links below. I implore you to investigate their work as it has completely changed my life for eternity and nothing else could possibly compare to their work (that is not an exaggeration). We are a booming and ever expanding community intent on bringing Heaven to Earth, and we are all going to be in Union with our beloved Twin Flames, guaranteed. You can also see me and my classmates diligently working with our teachers in Twin Flame Ascension School.

Twin Flame Teachers, Jeff and Shaleia Avar

I want you to look into this couples eyes and tell me that you do not see unconditional love. These people are among the only Twin Flames that were able to enter a harmonious union without going back into separation whilst being fully aware of the depth of their connection. When Jeff and Shaleia came into harmonious union, they knew in the deepest place within their hearts that this unconditional love had to be shared with the rest of the world. In their selflessness they brought to us the Mirror Exercise, an incomprehensibly powerful tool to heal the fragmented shards within yourself that believe in separation between you and your Twin Flame. This Mirror Exercise is part and parcel to achieving union with your Divine Compliment, and there is no other technique like it that will bring you back in alignment with unconditional love, and ultimately your Beloved. As they've both evolved, and as they continue to, they invent and bring about innovative ways to bring more and more Twin Flames into union through their healing work.

However, what makes Jeff and Shaleia different from other Twin Flame teachers? I'll make it simple for you, they are the only ones that do not preach Separation Consciousness or the lie of certainty. Too many people have been burned in the past by Twin Flame teachers seeking to profit off of their vulnerability, and it has only led to people believing that they and their Twin Flames are simply not meant to be together in this life. This is an illusion. Jeff and Shaleia's work completely *shatters* that illusion, and your illusion of separation is no special circumstance that can not be cured. Invest in their book, Twin Flame's: Finding Your Ultimate Lover to get started. It is available on Kindle and soon Paperback, and it is very cheap. I shall provide the link below in the image so you can make the first true investment into your Twin Flame Union, which is inevitable might I add.

They are only the messengers, but it is your choice whether to be their student or not. I implore you to love yourself enough and take your first real step into union with your Twin

Flame, you owe yourself that much after being apart for countless eons.

I just had a session with Arcelia Francis ([https://www.facebook.com/arcelia.francis.h?\\_tn=%2CdK-R-R&eid=ARA57uPMoC2PA96x876UY8\\_ElEtACxt2tV7FajWOe0F5aq9zXbDxwRJiiNTkfnHXBZ\\_gfNO4PWOkcEbS&fref=mentions](https://www.facebook.com/arcelia.francis.h?_tn=%2CdK-R-R&eid=ARA57uPMoC2PA96x876UY8_ElEtACxt2tV7FajWOe0F5aq9zXbDxwRJiiNTkfnHXBZ_gfNO4PWOkcEbS&fref=mentions)) and I am truly at a loss for words with how AMAZING she has been. We made some MAJOR breakthroughs and the entire time it was just so fun and easy like chatting with a best friend. She really channeled God with her amazing insights and provided the perfect feedback for the upsets that I was feeling. I never knew

that healing of this intensity could be this light and freeing and for the first time I truly felt the meaning of "letting it be easy." It really just blew my mind how she just KNEW how to work through every single block I could present to be healed and the entire time she was just SO loving and caring towards me. I wish I could write more but I am still processing everything that has just happened and I'm still glowing from all of the immense amounts of healing. I so HIGHLY recommend booking a session with her because she is just so freaking amazing! I feel the most amazing amount of confidence now and love for myself that I never knew was possible!
